P.03/03

4. Briefly describe the type of work performed, volume of material moved, and any new or additional surface disturbances that occurred during the past year.
Drilling, blasting, and bulldozing material.
Crushing and stockpiling - shipping of aggregate products. All disturbances were within permitted areas.
5. How much additional acreage was disturbed during the past year? 0
6. How much acreage was reclaimed during the past year? 0
7. Briefly describe the reclamation work performed during the past year. This description should include methods employed, and an evaluation of the results.
No reclamation work was performed in 1999.
8. What is the total disturbed acreage of entire project at years end? 17.2 acres
9. Briefly summarize any mining and/or reclamation plans for the upcoming year.
Mining and crushing will continue through 2000 and meet market demands for products.

NOTE: Section III., "Additional Information" applies only to large mining operations.

III. Additional Information

1. An updated surface facilities map should be attached if there have been significant changes since the previous map was submitted. There are no significant changes.
2. Any monitoring results or other reports that are required under the terms of the approved notice of intention should also be attached. None required.

IV. Signature Requirement

I hereby certify that the foregoing is true and correct.
